1 2 3 4 UNITED STATES DISTRICT COURT 5 NORTHERN DISTRICT OF CALIFORNIA OAKLAND DIVISION 6 7 Case No. 4:17-cv-05779 CW KAREN MARTINEZ, 8 Plaintiff, [PROPOSED] ORDER GRANTING 9 PLAINTIFF'S MOTION FOR FINAL v. APPROVAL OF CLASS ACTION 10 SETTLEMENT AND MOTION FOR JOHN MUIR HEALTH, ATTORNEYS' FEES, COSTS, AND 11 SERVICE AWARD Defendant. 12 (Dkt. 3. The Court finally certifies, for settlement purposes only, the settlement class, which includes:

All individuals who were employed by Defendant John Muir Health or its affiliate, John Muir Physicians Network, in California during the Class Period, who worked at least one shift as a non-exempt employee in California during the Class Period, and who, according to Defendant's records, made at least one entry into the EPIC or Midas electronic systems during the Class Period.

The Court finds, for the purposes of settlement only, that the settlement class satisfies the certification requirements of Rules 23(a) and (b)(3) of the Federal Rules of Civil Procedure because: (a) the number of settlement class members is so numerous that joinder of all members is impracticable; (b) there are questions of law and fact common to the settlement class; (c) the claims of Plaintiff are typical of the claims of the settlement class she seeks to represent; (d) Plaintiff and Class Counsel have and will fairly and adequately represent the interests of the settlement class; (e) the questions of law and fact common to the members of the settlement class predominate over any questions affecting only individual settlement class members; and (f) a class action is superior to other available methods for the fair and efficient adjudication of the controversy. The settlement class includes 6,522 members. See Salinas Decl. ¶ 14, Docket No. 76-1.

4. Distribution of the Notice and the Exclusion Form directed to the settlement class members as set forth in the Settlement Agreement and the other matters set forth therein

have been completed in conformity with the Preliminary Approval Order, Docket No. 70, including individual notice to all settlement class members who could be identified through reasonable effort, and as otherwise set forth in the Settlement Agreement. The Notice provided due and adequate notice of the proceedings and of the matters set forth therein, including the terms of the proposed Settlement Agreement, to all persons entitled to such a Notice, and the Notice fully satisfied the requirements of due process. All settlement class members and all Released Claims are covered by and included within the Settlement Agreement and this Final Order and Judgment.

Agreement and finds that the Settlement Agreement is fair, reasonable, and adequate in all respects, including the Class Representative Service Award, Class Counsel fees and costs, and fees for settlement administration. The Court specifically finds that the Settlement Agreement confers a substantial benefit to settlement class members, considering the strength of Plaintiff's claims and the risk, expense, complexity, and duration of further litigation. The Court finds that the settlement is the result of arm's-length negotiations between experienced counsel representing the interests of both sides, which supports approval of the Settlement Agreement in accordance with the standards set forth in the motion for final approval of the settlement. Settlement negotiations were not

commenced until both sides had thoroughly investigated and researched the claims and defenses herein.

6. The response of the settlement class members supports granting final approval of the settlement. Only eight class members (.12% of the settlement class) requested exclusion from the settlement. One settlement class member, Mr. David Buss, objected to the settlement on the ground that the current settlement amount far underestimates the rest breaks that Defendant denied him. See Docket No. 73. Mr. Buss filed a letter dated November 13, 2019, in which he clarified the nature of his objection. In this letter, Mr. Buss "urge[s]" the Court "to approve the proposed settlement with the knowledge that John Muir Health has been violating labor laws without repercussion." See Docket No. 78. The Court has considered Mr. Buss' objection and concludes that it does not warrant denying final approval of the Settlement Agreement. For the reasons discussed herein, the Court concludes that the Settlement Agreement is fair, adequate, and reasonable to the settlement class. Further, Mr. Buss had an opportunity to exclude himself from the Settlement Agreement to the extent that

¹ Mr. Buss initially requested in his objection of September 19, 2019, Docket No. 73, that the Court increase the settlement amount and that the Court appoint a "court officer to monitor" the actions of Defendant and "receive complaints" regarding Defendant's denial of rest breaks. <u>Id.</u> at 1. These requests are not included in Mr. Buss' clarification of his objection. <u>See</u> Docket No. 78. The Court assumes that Mr. Buss has abandoned these requests.

he is dissatisfied with his expected individual recovery under the terms of the Settlement Agreement.

- 7. The Court finds that, as of the date of this Order and Judgment, each settlement class member has waived and shall be deemed to have fully, finally, and forever released, relinquished, and discharged all Released Claims, as set forth in the Settlement Agreement and Notice of Class Action Settlement.
- 8. The Court confirms the appointment of Karen Martinez as Class Representative and approves her Service Award in the amount of \$15,000, as set forth in the Settlement Agreement.

 Ms. Martinez's Service Award is in recognition of the work she performed in this case and the risks she undertook in becoming a named plaintiff in this litigation. The Court recognizes that

 Ms. Martinez signed a General Release of all claims in exchange for the Service Award. Ms. Martinez's Service Award is thus adjudged to be fair, adequate, and reasonable.
- 9. The Court confirms the appointment of Thierman Buck LLP as Class Counsel for the settlement class and approves their requests for attorneys' fees of \$2,375,000 and litigation costs of \$35,000. The Court concludes that Class Counsel's requested fees and costs are fair, adequate, and reasonable. In so concluding, the Court takes into account (1) that the requested attorneys' fees represent twenty-five percent of the Total Settlement Amount of \$9,500,000, and therefore are consistent with the twenty-five-percent benchmark used in the Ninth Circuit

2.2

under the percentage-of-the-fund method; and (2) when cross-checked against the lodestar of \$657,341, the requested attorneys' fees represent a multiplier of 3.61, which is a reasonable multiplier in light of the excellent results that Class Counsel achieved on behalf of the settlement class members and the risks they undertook to litigate this action on a contingency basis.

- 10. The Court confirms the appointment of Simpluris, Inc., as Settlement Administrator and approves the award of administrative fees to Simpluris in the amount of \$35,999. The Court finds this amount to be fair, adequate, and reasonable.
- 11. The Court directs the parties to effectuate the Settlement Agreement's terms and the Settlement Administrator to calculate and pay the claims of the settlement class members in accordance with the Settlement Agreement.
- 12. The Court further directs the parties to file a Post-Distribution Accounting, pursuant to the model guidelines for Class Action Settlements in this District, no later than twenty-one days following the distribution of all settlement funds.
- 13. The Court retains jurisdiction to enforce the terms of the Settlement Agreement, including the payment of the settlement fund.
- 14. The provisions of this Order and Judgment constitute a full and complete adjudication of the matters considered and
